

DISCLAIMER

All Trespa samples and all Trespa panels are produced within the specified tolerances. Samples and production panels do not originate from the same production batch. The colour perception is by nature influenced by slight variations in pigments used as well as by the angle of observation.

Trespa samples are not representative for features as size, thickness and edge finishings of Trespa production panels. Trespa production panels are factory supplied with straight cut edges.

Colour stability and colour specifications are relevant to decorative surfaces, not to the core material of Trespa samples or Trespa production panels.
