“Innovation is the foundation of our approach and it will continue to be the foundation of our future.”

André Horbach, CEO, Trespa International B.V.
ENDLESS COLOURS

PROVIDES HUES AND COMBINATIONS FOR ANY PROJECT, EITHER FROM OUR EXISTING CATALOGUE OR BESPOKE SOLUTIONS.

NATURAL TOUCH

COMBINES A NATURAL APPEARANCE WITH ENDURING PHYSICAL PROPERTIES. FROM FRESH TO WEATHERED, FROM WOOD TO STONE APPEARANCES.

ABSTRACT VARIATIONS

OFFERS ENTIRELY NEW LOOKS FOR FAÇADES. THIS EMPHASISES TRESPA’S COMMITMENT TO DEVELOPING NEW HIGH-END AESTHETICS FOR FAÇADES.
TRESPA® METEON®
HIGH-END AESTHETICS, LASTING QUALITY

SINCE 1960, TRESPA HAS BEEN SUPPORTING ARCHITECTS ALL OVER THE WORLD WITH HIGH QUALITY PRODUCTS FOR EXTERIOR DESIGN. TRESPA® METEON® IS A DEDICATED RANGE OF DURABLE PRODUCTS FOR EXTERIOR ARCHITECTURE.

Trespa® Meteon® is engineered for exterior coverings such as façade cladding, balcony panelling, sunblinds, soffits and other demanding applications. Thanks to the wide variety of options on offer, there’s a perfect match for almost every architectural vision. A broad selection of innovative finishes and striking effects, bespoke and standard colours, allow you to play with abstract variations, colours and natural appearances.
**ENDLESS COLOURS**

COLOUR ON FAÇADES CAN TELL A STORY, PLAY WITH CONTOURS AND VOLUMES, BREAK UP SURFACES AND CREATE CAPTIVATING RHYTHMS. YOU CAN EMPLOY A FAÇADE COVERING TO ASSIGN DIFFERENT IDENTITIES TO PARTS OF A BUILDING, TO DESIGNATE SPECIFIC FUNCTIONALITIES - OR SIMPLY MAKE THINGS MORE ATTRACTIVE.

TRESPA OFFERS A BROAD SELECTION OF BRIGHT, LONG-LASTING COLOURS FOR FAÇADES. IF DESIRED, WE CAN PROVIDE TRESPA® METEON® IN COLOURS CREATED ESPECIALLY FOR YOUR PROJECT.
“Through its colours, Trespa offers the words to tell a story with the façade.”
PROJECT COLOURS

For the Meteon® Uni Colours Trespa is happy to create panels in bespoke colours for your project. Almost anything is possible, just tell us what you need. For more information please contact your local Trespa representative.
TRESPA® METEON® ALLOWS YOU TO COMBINE A NATURAL APPEARANCE WITH PHYSICAL DURABILITY. GIVE ANY BUILDING INSTANT CHARACTER WITH DECORS INSPIRED BY NATURAL MATERIALS AND PROCESSES. YOU CAN UNLEASH YOUR CREATIVITY IN NEW WAYS AND CREATE TOMORROW’S NATURE-INSPIRED DESIGNS.

OUR METEON® WOOD DECORS BRING WARMTH, ENABLING FRESH CONTEMPORARY DESIGNS AS WELL AS CLASSIC WEATHERED LOOKS. INTRODUCE LIVELY WEATHERED LOOKING SURFACES AND PATINA DESIGNS WHEREVER YOU LIKE WITH OUR METEON® NATURALS. DIMENSIONLESS DESIGNS MAKE IT POSSIBLE TO BRING DETAILS AND COMPLETE FAÇADES TO LIFE.
“A natural façade appearance with the quality of Trespa.”

* DECORS HAVE GLOSS ELEMENTS IN THE SURFACE
ABSTRACT VARIATIONS

As a market leader in façade cladding, TRESPA is continuously developing. Innovations in materials allow us to offer you new looks for the façades of today and tomorrow. Architects can design with new abstract effects and different surface finishes.

Meteon® Metallics emphasise TRESPA®’s premium appearance, and can introduce subtle differences between panels when installed at different angles. Meteon® Lumen offers architects the opportunity to bring designs to life with reflections of light.

Each innovative Meteon® Focus design brings its own story of inspiration, and can be used to create new façades with a high-end aesthetic.
“Nuances make the difference.”
TO EXPERIENCE THE METALLIC EFFECT AND THE EFFECT OF THE FOCUS FINISHES WE ADVISE YOU TO ORDER A SAMPLE.
TO EXPERIENCE THE EFFECT OF THE LUMEN FINISHES, WE ADVISE TO ORDER SAMPLES.

PROJECT COLOURS

For the Meteon® Metallics and Lumen, Trespa is happy to create panels in bespoke colours for your project. Almost anything is possible, just tell us what you need. For more information please contact your local Trespa representative.
DURABLE, DISTINCT FAÇADES

Attractive and long-lasting façades are essential to clients, tenants and buyers. With Trespa® Meteon® your building is guaranteed to stand out today as well as tomorrow.

Trespa® Meteon® can be used in countless applications and has proven its worth in real-life projects for over half a century. Whatever your architectural goals and vision, there will be a right solution.

HIGH QUALITY, LOW MAINTENANCE

Trespa® Meteon performs exceptionally well outdoors and it stays looking great for many years. Sun and rain have no significant effect on the panel’s surface.

Since nobody is keen on maintenance and the related costs and time investment, Trespa® panels have been developed to minimise this. The neatly closed, pore-free, uniform surface practically withstands dirt accumulation, keeping the product smooth and easy to clean. Graffiti can be treated with the right cleaning agents. A practical approach to saving on maintenance.
INNOVATION IS IN OUR DNA

Trespa has close ties to the global design community, with its own design centres in New York, Barcelona and Santiago de Chile. Our technology centres are constantly innovating and developing new products to open new possibilities for customers.

This approach has allowed us to come up with aesthetic innovations such as the Meteon® Lumen range, which allows architects to play with light reflection, or functional innovations like Solar Reflectance Technology (SRT), which allows the use of darker façade colours in hot climates.

SERVICE & RELIABILITY

Making your façades attractive and durable is as important to us as it is to you. We strive to support all parties in a building project, helping ensure each application is a lasting success. We can help find the best solutions for specific designs and detailing, we offer on-time panel delivery and provide training.

SUSTAINABLE SOLUTIONS

Trespa® Meteon® contains up to 70% natural fibres and is available with PEFC™ or FSC™ certification. Its sustainable character is expressed through long-lasting performance. Trespa® Meteon® is often used in energy renovation projects, providing fresh new looks to buildings with improved energy performance.

All technical information regarding Trespa® Meteon® is clearly presented on www.trespa.info.
VENTILATED FAÇADES

TRESPA® METEON® PANELS ARE USED IN INNOVATIVE AND FUNCTIONAL VENTILATED FAÇADE SYSTEMS. VENTILATED FAÇADES ARE MORE THAN A DESIGN GESTURE - THEY CAN PROVIDE ENERGY EFFICIENT, LONG-LASTING PROPERTIES AND IMPROVED COMFORT OF THE INDOOR ENVIRONMENT.
CREATING VALUE THROUGH INNOVATION, EXPERIENCE AND RELIABILITY

TRESPA INTERNATIONAL B.V. IS A LEADING INNOVATOR IN THE FIELD OF ARCHITECTURAL MATERIALS. THE COMPANY IS INTERNATIONALLY RECOGNISED AS A PREMIER DEVELOPER OF HIGH QUALITY, DURABLE PANELS FOR EXTERIOR CLADDING AND FAÇADES.

Since its founding in 1960, Trespa has been working closely with architects, designers, installers, distributors and end-users around the world. Trespa believes in product innovation, combining innovative manufacturing technologies with smart solutions for architectural applications. With a broad range of colours, finishes and tactile effects, Trespa brings compelling aesthetic and nearly limitless design possibilities to next-generation architectural claddings.
“We strongly believe in sharing knowledge on topics such as ventilated façades, energy saving and sustainability.”

André Horbach, CEO, Trespa International B.V.

DISCLAIMER

These terms term to the use of this document and such use automatically means that the other party agrees to these terms. The information provided by Trespa International B.V. (“Trespa”) in this document is solely indicative. Trespa is unable to warrant the accuracy and completeness of this information. Trespa may change the information included in this document at any time and without further notice. Trespa’s customers and third parties must ascertain that they have the most recent document (for the most recent version, please consult www.trespa.com). No rights can be derived from the information provided; the use of the information is at the other party’s risk and responsibility. Trespa does not warrant that the information in this document is suitable for the purpose for which it is consulted by the other party. This document does not contain any design, structural calculation, estimate or other warranty or representation that customers and third parties may rely on. This document does not guarantee any properties of Trespa products. Colours used in Trespa’s communications (including but not limited to printed matter) and in samples of Trespa’s products may differ from the colours of the Trespa products to be supplied. Samples are not intended for use in product tests and are not representative of characteristics of the Trespa products. Trespa’s products and samples are produced within the specified colour tolerances and the colours (of production batches) may differ, even if the same colour is used. The viewing angle also influences the colour perception. Metallics panels feature a surface whose colour appears to change based on the direction from which it is viewed. The specified colour stability and colour specifications relate only to the decorative surface of the Trespa products, not to the core material and samples of the Trespa products. Trespa products are delivered ex-works with straight, sawn sides. Customers and third parties must have a professional adviser inform them about (the suitability of) the Trespa products for all desired applications and about applicable laws and regulations. Trespa does not warrant the above. The most recent version of the current delivery programme and the Material Properties Datasheet can be found at www.trespa.info. Only the information in the most recent and valid Material Properties Datasheet should be used to select and provide advice regarding Trespa products. Trespa reserves the right to change (the specifications for) its products without prior notice.

LIABILITY

Trespa is not liable (neither contractual nor non-contractual) for any damage arising from or related to the use of this document, except if and to the extent that such damage is the result of wilful misconduct or gross negligence on the part of Trespa and/or its management. The limitation of liability applies to all parties affiliated with Trespa, including but not limited to its officers, directors, employees, affiliated enterprises, suppliers, distributors, agents, and representatives.
