- > Other textures: silk, ribbon, rhino, bark, grid, diamond
- > Project colours
- > Corner elements

Metallics: Trespa Virtuon panels feature a directional colour surface. See technical documentation or installation guidelines for further information. The full quantity of Trespa Virtuon Metallics sheets required for a project should be ordered and supplied as a single instruction.

Fire Retardant Grade: Trespa Virtuon single-sided decorative Fire Retardant grade will be faced with an identification print on the reverse of the panel in addition to the panel sticker. Trespa Virtuon double-sided decorative Standard Grade and Fire Retardant Grade can be clearly identified and distinguished on the basis of the panel sticker.

Disclaimer: All Trespa samples and all Trespa panels are produced within the specified tolerances. Samples and production panels do not originate from the same production batch. The colour perception is by nature influenced by slight variations in pigments used as well as by the angle of observation.

Registered trademarks

© Trespa, Meteon, Athlon, TopLab, TopLab^{PLUS}, Volkern, Ioniq, Inspirations and Virtuon are registered trademarks of Trespa International BV.

Responsibility

All information is based on our current state of knowledge. It is intended as information concerning our products and their application possibilities, and is therefore not intended as any form of guarantee with regard to any specific product characteristic.

Colours

The colours in this document are printed, and therefore, may vary slightly from the original Trespa panel colours with respect to gloss, colour shades and surface texture. Original samples are available on request.
